

YUVARAJAN J

Electronics and Communication Engineering Student

Hosur, Tamil Nadu, India | yuva0051@gmail.com | 9342038458

[Portfolio](#) | [GitHub](#) | [LinkedIn](#) | [Instagram](#)

OBJECTIVE

Electronics and Communication Engineering student seeking an entry-level IT role, with the goal of transitioning into cloud engineering after gaining 2-3 years of industry experience. Passionate about building real-world software and hardware solutions.

EDUCATION

Sri Sairam College of Engineering, Bangalore

B.E. in Electronics and Communication Engineering | Expected Graduation: 2028 CGPA – 7.56

TECHNICAL SKILLS

Languages/Tools: Python, HTML, CSS, Git, GitHub, Linux (Command Line)

PROJECTS

YUVA AI — Personal AI Assistant

- Building a personal AI assistant with password-based access that unlocks different relationship modes with the creator (e.g. brother, friend).
- Implemented an automatic random password generator: user specifies word count, tool generates a password mixing letters, numbers, and symbols.

Password Generator

- Built a customizable password generator using Python, HTML, and CSS.

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website (HTML, CSS) to showcase skills and projects.
